We thank God for favor in Nepal in a time when persecution is greatly increasing towards Christians. Leading politicians from Kathmandu, key military and law enforcement officers come out in support of our outreach. Nepal has the fastest growing Christian population (per capita) in the world. Now over 10%. The

militant Hindu Indian Government, has threatened Nepal in many ways because of this. Last year they brought the commerce of Nepal to a complete stop for 5 months making life very difficult for all who live in Nepal. They are bullying Nepal to go back to being a Hindu Kingdom and forced them to pass anti-conversion laws against Christians September 2015. This, despite 96% of Nepal supporting their new constitution, which grants religious freedom.

The India government is forcing Nepal not to ratify their newly adopted constitution and sending many radical militant Hindu groups to Nepal to set up offices to stop the spread of Christianity. Please pray

Imagine The USA After the November 2016 Elections

- Two Scenarios

By Mark R. Anderson

In recent years I have spent much time researching and studying politics and our godly Christian heritage and history that is slowly being erased by anti-God politicians, the media, Hollywood, President Obama and many others in America. I have spent more time studying this than the Bible in recent years because I am extremely concerned about the course of our nation. I hope this will encourage you not to take a back seat this election but seriously consider what is at stake this Presidential

election and how it will greatly impact generations to come. **This is one of the most important elections in recent years because of the impact it will have in the USA and world.** What kind of country will America wake up to on November 9, 2016? As Christians who have a personal relationship with Christ let us consider two scenarios. Let's not get sidetracked with the media's obsession with scandals from many years ago but see what are the real issues at stake this election.

Scenario Number One

The wicked in his proud countenance does not seek God; God is in none of his thoughts (Psalms 10:4). What would become of the USA if Hillary Clinton became the 45th President of the United States of America? Keep in mind the things I share will not transpire overnight. Many of Hillary Clinton and Barack Obama's mentors who are in their movement believe their ideology and vision for the USA should be implemented slowly because if happened too fast America would react and rise up to stop it. Keeping America sleepwalking into a dangerous future is crucial for their agenda to be accomplished.

Based on what Hillary Clinton said, has done or not done, and my own research of her past activities, I foresee America in further decline under her. Let me share why. **I do not believe in conspiracy theories** so let me tell it like it is. First I see **the genocide of Christian men, women and children continuing worldwide, only increasing in intensity** in places like the Middle East, Nigeria, and even in India. Why? Because she will continue with the Obama Administration's stand. If you look at the policies of Hillary Clinton while she was Secretary of State and President Obama's policies in the Middle East and examine them closely you will see how they set the Middle East on fire. Remember the so called Arab Spring? Much of their policies

about handling Libya, Egypt, Syria, Iraq, Iran, Israel and the Palestinians are disastrous and came from people like billionaire, atheist George Soros and like-minded associates.

President Obama was reluctant to call what is happening in the Middle East with Christians GENOCIDE until the Senate and Congress voted unanimously earlier this year to call it GENOCIDE. Where do world leaders get their boldness to persecute Christians? They look at who is President in the USA and get their lead. Many wicked world leaders know they can get away with persecuting Christians under an Obama or Clinton administration because of their stance towards Christianity and weak stance militarily.

If Hillary Clinton becomes President she will continue on with Barack Obama's policies of 'Christians need not apply here.' There are no Christians in President Obama's administration, though there are many Muslims and supporters of Islam in his administration. Much of the world takes its cue from Washington DC.

If you want to know how evil and anti-Christian the Democratic party has become, just look at the Democratic platform and what they stand for. It's online! Do Christians care to even take a peak at what they stand for? Hosea 4:6 says *My people are destroyed for lack of knowledge.*

Hillary does not embrace Christianity

- continued on page 6

at all. She is greatly inspired by her mentor Saul Alinsky, who caused her to turn away from any Christian belief. Her thesis in college was about Alinsky and how much he inspired her. Hillary met Alinsky through her pastor of the Park Ridge Methodist Church. Alinsky is the author of **Rules for Radicals, a book dedicated to Lucifer.**

Another one who greatly controls the Democratic party is George Soros. He has a tremendous influence on Hillary Clinton, the Democratic party and much of her support comes from him. Soros is known as the ultimate 'Puppet Master.'

Hillary Clinton and Soros advocate Open Borders. Just look at the leaked information that was exposed recently. This means that under her administration there will be no controlling the border. Terrorists, the drug cartel and gangs will continue to pour over our borders with ease. Our border agents will continue to have their hands tied and be told to stand down. Sanctuary cities will increase where illegals can freely operate without being prosecuted. Just like the one that murdered Kate Steinle in San Francisco July 1, 2015. Trump has said from first day he entered the race for president that we will build a wall and protect our borders. He will do his best to protect our people. No open borders to let diabolical evil enter. That is why for the first time in many elections our border patrol has

come out in support of a candidate, Donald Trump.

Violence will not only continue but will get worse in our cities because Hillary supports groups like Black Lives Matter and does not stand with our law enforcement. The Democratic party lifts up thugs and vilifies our law enforcement. Yes, there are bad apples in every bunch. Both Obama and the media exxagerate a few crimes committed by police against thugs in the USA. More than 99.99% of USA law enforcement are good, courageous people and are keeping this country from erupting into anarchy. Why do they seek to vilify law enforcement and indirectly incite thugs to kill the police? Many of Hillary and Obama's mentors, like Alinsky, Soros, Ayers, Piven and Cloward, call for civil unrest to further their agenda in the USA of destroying our foundations.

Violence will continue against law enforcement. As Hillary's mentors advocate, never let a good crisis go to waste. It has been proven that much of the chaos these days is funded by George Soros and his organizations. Look at the number of cities where violent riots have broken out, right where Donald Trump has been campaigning. Many of Trump supporters have been beaten up or harassed greatly. In some cases the media, who are in bed with Soros and Hillary, put all the blame on Trump but many know this is not true at all. All of this is meant to shut down voters who do not support Hillary or the Democrats. Thuggery has become

the rule of the land under the present Democratic party. It's just like their past history where they worked with union thugs, the mafia, and the Ku Klux Klan, to bring about control.

I highly recommend seeing the movie "Hillary's America, The Secret of the Democratic Party" by Dinesh D'Souza.

Loretta Lynch, the Attorney General, along with the Obama administration, have recently announced and stated support for bringing in a United Nations Police Force to give oversight to the American police forces. If Hillary is elected she could make that a reality. Who will they favor and who will they target? Just look at the UN's track record. They will favor Muslims and Christians could become the target of persecution.

Under a Hillary Clinton administration homosexual marriages will become normal and Christian bakers, pastors, photographers and businesses will be targeted and forced to participate in their plans or be sued, as we have seen in recent years under the Obama administration. It is one thing to have equal rights, and I believe in that. But it is quite another thing to force people to participate against their conscience for fear of retribution from the government. Transgender bathrooms will become the norm where men can prey on our daughters and women. Perversion will become the new normal and in many places and the law of the land. How far will it spread to?

Israel will have no friend. Even though

Hillary said she will stand with them those words are empty and lies. She will continue on with the Democratic party's stand like Obama, snub Israel and support Hamas and the PLO.

Her running mate Tim Kaine boycotted the Netanyahu speech to congress and backed the Iran deal. He described himself as a strong supporter of the nuclear agreement with Iran.

What about partial birth abortion? That is something Hillary has supported for a long time. She praises Planned Parenthood, despite all its barbaric activities being uncovered this past year and praises its founder Margaret Sanger's vision for starting Planned Parenthood. What was Sanger's vision? To exterminate the black race. Will that head to a place where if parents want to kill a baby once it is born, it will become legal and accepted in America?

What about the 2nd amendment and gun control? Everyone knows how much Hillary and the Democrats hate gun owners and NRA. Under a Hillary administration their desire would be to slowly take away all guns. Who does that leave with guns? The Muslim terrorists that want to kill us, thugs, gang members, politicians and the ones who guard them. How is the city of Chicago, which has the strictest gun control laws in the USA, doing today? Murders by guns has skyrocketed there in 2016. Enough said! Disarming its people is exactly what Mao, Stalin, Lenin and Hitler did

- continued on page 8

so they could control their (what they termed) 'useful idiots' to do exactly what they wanted them to do.

What about our economy? More people are recipients of food stamps and welfare under Barack Obama's administration than under any other administration. The national debt has doubled under Barack Obama. That means **Obama has brought on more debt than all previous 43 Presidents put together.** Is that what we want to pass on to our children and grandchildren? Hillary Clinton will continue on with the same programs and have the same mindset.

Lastly and **one of the most important issues pertains to our Supreme Court. The next President will appoint more Supreme Court justices than any other President in recent history.**

This will greatly impact this country and world, which looks on. What the Supreme Court decides becomes the law of the land. We know where Hillary stands on that. It will spell disaster in so many ways. The US Constitution will become a thing of the past. Barack Obama's dream will be fulfilled. Hillary would bring Barack Obama's goal of fundamentally transforming America into something so very different than what our founders envisioned it to become. Christianity will become more and

more irrelevant in a society with Hillary Clinton as President.

When does all this madness stop? Are we living in a bubble of unreality and do we care for this country that our founders shed their blood to give us? Are we to continue sleepwalking through all the evil that will confront us in the days to come? *A prudent man foresees evil and hides himself, But the simple pass on and are punished* (Proverbs 22:3).

2 Thessalonians 2:9-12 says that in the last days many (all over the world) will lack integrity and believe lies. *The coming of the lawless one is according to the working of Satan, with all power, signs, and lying wonders, and with all unrighteous deception among those who perish, because they did not receive the love of the truth, that they might be saved. And for this reason God will send them strong delusion, that they should believe the lie, that they all may be condemned who did not believe the truth but had pleasure in unrighteousness.* Lying and deception is part of ushering in the spirit of anti-Christ, as people follow the father of lies, the Devil himself.

A good example of this kind of spirit today is Hillary Clinton. The media and many of her followers, despite her being caught in lie after lie after lie, don't care. She lied to us about Benghazi, where four Americans were killed, including our Ambassador Chris Stevens. The movie **13 Hours: The Secret Soldiers of Benghazi** tells the truth about that day. Hillary has been caught in lie after lie. What about

the 33,000 emails she tried to delete but were recovered? These emails were hidden on a private server which is illegal to have as a Secretary of State? What was found in those emails would have put anyone else behind bars, but not Hillary. She is above the law under the Obama administration. The media and Democratic party give her a free pass and do their best to cover up for her. If this would have been someone from the Republican party it would get thousands of hours of coverage, but with Hillary it was all swept under the rug and kept quiet. When this kind of deception comes from the top, what will it do to the nation? Proverbs 29:12 says *If a ruler pays attention to lies, All his servants become wicked.* 🌟

Scenario Number Two

Around 25% of our country is Evangelical Christian. If we all got on the same page our country could easily be turned around, including city, county, state and in the presidential election. We need to stop looking for a Pastor in Chief. We need a real Commander in Chief.

One thing many Christians hate about Donald Trump is his mouth and many of the insolent things he says or has said. Many Christians say *'He is too arrogant for my liking. I will vote for someone else or not vote at all.'* What is the alternative of not voting for Trump? ONLY Hillary Clinton! I can guarantee you this, if Donald Trump becomes President he will

open his mouth and say more stupid things. But if God could use a jackass (donkey) to speak and bring about His will (see Numbers 22:28), He can certainly use a Donald Trump who recently gave his life to Christ. He does not know or speak 'Christianese' yet. To be honest with you he sounds a lot like the carpenters I use to work with years ago. Oh yes, we forget he is in the construction industry. I think that might be why many people like him. He is not a typical politician, but is a **POLITICALLY-INCORRECT WRECKING BALL**. That part of Donald Trump I absolutely love. Enough of this **POLITICAL CORRECTNESS. It is destroying our country and many men, women and children around the world are dying because of POLITICAL CORRECTNESS.**

Since becoming a Christian Donald Trump has appointed a 25 member Evangelical Christian Advisory Board. Some of those members are James Dobson, Jerry Fawell Jr., Paula White (who led Trump to Christ) and Ralph Reed (Faith and Freedom Coalition). Congresswoman Michelle Bachman, a strong Christian from Minnesota, is also on this board. This board consists mostly of renowned Evangelical ministers. It was this board who picked the strong conservative, Christian, Indiana Governor, Mike Pence to be his running mate. This board is working behind the scenes to bring about a strong Christian nation once again. Psalms 11:3 says *If the*

- continued on page 10

foundations are destroyed, What can the righteous do? We restore greatness to our country once again by putting God in first place. Starting in Washington DC! That is what the righteous do and how they vote.

Years ago in an interview, Oprah Winfrey asked Trump if he would ever consider running for President. He said “*no, unless things are so bad in America.*” Well guess what? Things have become real bad in America and Donald Trump is running for president.

What does an old arrogant billionaire have to prove by running for president? He could easily just live a plush comfortable laid-back lifestyle until he dies. Instead of retiring he decided to be a patriot and help restore America to greatness, no matter what it cost him. Look at how the media has attacked him lately but he hangs in there. Look at how he has run his campaign so far. He is not taking any large donations but funding much of the race himself. Why? Because he does not want to be funded by special interest groups or lobbyists. He is not for sale! How refreshing! Sounds a lot like George Washington. He did not want to run for office, but when things were so bad and the country would have easily have fallen apart, he ran for president. Here we have another selfless man wanting to serve

the country he loves so dearly, that gave him the opportunity to succeed in life. **Will the Christians shoot him down because of the religious spirit and self-righteousness or will we see heaven has sent us a lifeboat to rescue America?** Will we with one voice jump on board? God sent an ungodly king, Cyrus to rescue Israel (see Isaiah 45). Could Trump also be carrying a Cyrus anointing to become the 45th president of the USA and Christians not even recognize the hand of God in this?

Trump has promised to end the war on Christianity and Christmas if he becomes president. He has already given us an idea of who he would nominate to be Supreme Court judges during his term. All 20 choices are God fearing conservative judges who will abide by the US Constitution and not rewrite it to fit their agenda.

In the Republican National Convention in July, he stated that he will reverse the 1954 Johnson law that muzzles the mouth of the ministers and the church in politics. Something Paul Ryan, Speaker of the House, a strong Christian has been waiting to do but needs a Republican President to make it reality. Donald Trump said he welcomes the voice of the church in politics. What would our country be like if once again the ministers and Christians had a voice in politics like our founders had?

Trump has been very supportive of restoring our military to greatness. He has said it will not be used for nation building, overthrowing

dictators, being the world's police force. He was against the war in Iraq, that has ended in disaster. He also said a strong military will not be for sitting back and doing nothing while groups like ISIS commit genocide on many thousands of Christian men, women and children and also want to bring destruction to our nation. He said it will be used to protect our homeland, wipe out ISIS and similar groups that want to kill us.

Never have we been so close to restoring our nation to greatness or been so far away from restoring greatness to this nation as we are in this election. What scenario will come about on November 8th?

There is a battle raging for the soul of this nation. While believers in Christ have sat back, the ungodly, like George Soros, an atheist who loves playing God, have had clear vision, purpose, have strategized and planned well, especially regarding America's destiny and how to take her down. George Soros has figured out how to take control of much of the media, education, politics, etc. Much of the 2016 chaos and violent rioting in the USA was and is funded by George Soros and his organizations. He has funded and paid people who have no vision and purpose in life other than to riot and cause extreme chaos in the USA. His clear cut purpose is to destroy America as we know it and to get Hillary Clinton in as President in 2016.

If **Paul Revere** was alive right now he would be riding again to warn of the

diabolical evil that wants to control this country and its people. We are the modern day Paul Revere's and before it's too late, we need to ride again and do all we can so Hillary Clinton does not become the next President of the USA.

If you look at the race today there is only **one person who has any chance of beating her come November 8th. That is Donald Trump.** Many Christians, like in the 2012 election, do not like either candidate, so they say they are not voting for either candidate or are voting for a third party that has **absolutely no chance of winning. That is how Barack Obama won in 2012.** If that becomes the case, once again Christians, by their own actions, will hand this country over to people who have great evil planned, when we could have made a difference. Those with evil intentions for this country will look at us and say how stupid Christians can be. Useful idiots! Evil unites with one purpose while Christians stay divided. That better change before it is too late for America. Jesus and Abraham Lincoln said *"If a house is divided against itself, that house cannot stand"* (Mark 3:25).

If Hillary wins we will have to explain to future generations that Donald Trump did not hold our values so **we ended up propping up Hillary Clinton to be President by not voting or voting for a third party.** We will have to explain how the things we once believed in are no longer

- continued on page 12

Imagine the USA After the November 2016 Elections

- continued from page 11

embraced and America the great was destroyed from the inside out because Christians could not unite and work together to keep Hillary out of office. We will have to say Christians did not like Donald Trump, so that is why our country was destroyed.

Ground Game For Upcoming Election

Get informed of who is running, that best supports your Christian values at the city, county and state levels. Also who should be our next President of the USA. Do not trust much of the media. They are full of lies! This is the most bias media ever in our lifetime. Do your own homework for the sake of this nation and vote for righteousness.

Motivate others to stand up for this country and the Christian values it was founded on. Get this message out to other people, especially in the swing states that could call this election and decide who will be the next President of the USA. Lastly humble yourself and pray. ***If My people who are called by My name will humble themselves, and pray and seek My face, and turn from their wicked ways, then I will hear from heaven, and will forgive their sin and heal their land*** (2 Chronicles 7:14). ●

Holy Spirit is moving powerfully all over the world. Yet the greatest opposition to the move of God is the religious spirit as it was when Jesus walked this earth. Jesus warned His disciples of the negative fruit of the religious spirit. How much more do we need to heed His warning today and guard our hearts from religion or the religious spirit?

Mark writes about the importance of having the power of God in these last days but never permitting our gifts to overshadow our character. Mark shares about things that hindered his call and of powerful things that greatly impacted his life. Too many moves of God have been terminated prematurely because there was much emphasis only on gifting and the power given to man but little on character.

In this book Mark writes about how the religious spirit or religion can negatively impact all areas of society and on the contrary Christlike humility, integrity and relationship can have a positive effect. It can also usher in the glory of God, Heaven manifesting itself on Earth in signs, wonders and miracles like we have never seen or heard before. It's already here!

October 2016 Allahabad and Ranchi, India Report

We had a very fruitful trip to Allahabad, UP (October 10-12) and Ranchi, Jharkhand, India (October 15-17). About 1,700 turned to Christ in our 3 day Ranchi campaign. We also conducted two Rock N Roll concerts in public schools where we shared the gospel message and were allowed to do a mass prayer for healing and blessing the students. In both cities we spent a great deal of time training pastors and leaders, as well as distributing books to these leaders. There were a

lot of miracles and healings in both cities. In Allahabad I gave a word of
